## PROTECT YOUR DATA

Tonight **John Morrell** will present the first of a two part series on **digital security**.

This session will be an introduction to digital security concerns and ways to address them. We'll start by reviewing common digital security concerns and then move into explaining some of the more common tools and techniques for reducing risk. We'll end with some resources for individuals to further explore.

Please be sure to install the [Signal app](#) before the meeting.

If there is sufficient interest, we can develop plans for follow up meetings on particular topics in smaller groups.

This will be a hybrid meeting, both in person and on Zoom.

**See you all @ 7 PM**

**@ Ann's - 173 Longmeadow Drive, Los Gatos**

Sincerely,

**Karla & Sylvie**
