Hello wonderful TWW/Indivisible - Los Gatos folks,

As you're all aware, anti-Asian hate crimes have gotten worse, despite voting out the administration that drove this wave of hate. Indivisible National shared [this page with a deep list of resources and information](#) to combat anti-Asian violence. [Indivisible East Bay's article](#) from February lists resources that are still relevant and focuses on our region.

Hate crimes and voter suppression are both aspects of white supremacist behavior in the US. Several of our actions this week focus on combating voter suppression; we hope you will consider engaging with them. Good news on that front, Senator Feinstein has recently indicated she is re-thinking her previous opposition to filibuster reform, opening an opportunity to pass the For the People Act (H.R. 1/[S.1](#)). Please **thank her** and continue to express your **support for this historic legislation and for reforming the filibuster rules.**

TWW/Indivisible - Los Gatos recently joined 81 other Indivisible groups in California to vote on which state legislation CA Indivisible: StateStrong should prioritize this year. There were a lot of good bills to pick from and we'll hear which are the winners soon. Regardless, we can write letters to support or oppose other state bills. If there is state legislation that you feel strongly about that doesn't make StateStrong's top list, please contact [Stephanie](#) or [Kjirste](#) and we can work together on a plan.
